Foreword	xiii
Preface	xv
Acknowledgments.....	xvii
About the Editor.....	xix
Contributors	xxi

Section I Overview of Organic Farming with Special Reference to Biopesticides

1 Overview of Organic Farming with Special Reference to Biopesticides	3
<i>M. Pravruthi and M.S. Mahesh</i>	

Section II The Principles of Biopesticide Applications in Organic Farming

2 The Principles of the Application of Biopesticides in Organic Farming	11
<i>Surendra K. Dara</i>	

Section III Impact of Environmental Factors on Biopesticides in Organic Farming

3 Impact of Environmental Factors on Biopesticides in Organic Farming	17
<i>Enespa and Prem Chandra</i>	

Section IV Opportunities and Challenges in the Application of Biopesticides in Organic Farming

4 Opportunities and Challenges in the Application of Biopesticides in Organic Farming	23
<i>Rishabh Chitranshi, Enespa, Ranjan Singh, and Prem Chandra</i>	

Section V Strategies for Crop Protection with Biopesticides in Organic Farming

5 Impact of Crop Protection Strategies with Biopesticides on Long, Sustainable Organic Agriculture.....	29
<i>Sushree Suparna Mahapatra, Sudeepta Pattanayak, Siddhartha Das, and L. P. Awasthi</i>	
6 Strategies for the Application of Biopesticides in Crop Protection.....	33
<i>C. R. Patil and Shekharappa</i>	

Section VI Pesticide Exposure Impacts on Human Health and Need of Biopesticides in Organic Farming

7 Pesticides Exposure Impacts on Human Health and Need for Biopesticides in Organic Farming.....	39
<i>Muhammad Haroon Sarwar, Muhammad Farhan Sarwar, Muhammad Taimoor Khalid, and Muhammad Sarwar</i>	

Section VII Role of Nutrients in the Management of Crop Diseases through Biopesticides

- 8 Microbial Agents as Biopesticides for Nutrients: Management in Organic Agriculture49
C. R. Patil, Vithal Navi, G. P. Santosh, and Shekharappa

Section VIII Management of Crop Diseases through Bacterial Biopesticides

- 9 *Bacillus Thuringiensis*: Characterization of New Strains and Use as Bioinsecticide to *Spodoptera frugiperda* (Lepidoptera: Noctuidae) in Southern Brazil.....55
Gabriela Cristina Alles, Diouneia Lisiane Berlitz, Vilmar Machado, Maximiano Correa Cassal, and Lidia Mariana Fiuza
- 10 Management of Fungal Diseases of Chickpea (*Cicer arietinum* L.) through Plant Growth Promoting Actinobacteria and Their Secondary Metabolites61
Subramaniam Gopalakrishnan, Vadlamudi Srinivas, Pratyusha Sambangi, and Sravani Ankati
- 11 The Role of Plant-Growth Promoting Bacteria in Sustainable Plant Disease Management65
Younes Rezaee Danesh, Semra Demir, Solmaz Najafi, and Çağlar Sagun
- 12 Killing Bacteria as Agents of Insect Pest Control.....71
Muhammad Sarwar
- 13 Biological Control of Pests Using *Bacillus thuringiensis*81
Jéssica Batista Torres Araújo Oliveira, Cassia Renata Pinheiro, and Glacy Jaqueline Da Silva

Section IX Management of Crop Diseases through Fungal Biopesticides

- 14 Crop Protection through Fungal Biopesticides: An Endeavor of Modern Organic Agriculture87
Sudeepta Pattanayak, Siddhartha Das, and Pradipta Banerjee
- 15 Management of the Diseases of Vegetable Crops through Fungal Biopesticides91
Pratibha Sharma, Prashant Prakash Jambhulkar, and Raja Manokaran

Section X Management of Crop Diseases through Viral Biopesticides

- 16 Usage of Entomopathogenic Viruses for Insect Pest Control.....99
Muhammad Sarwar, Sidra Sarwar, and Roohi Aslam
- 17 Viral Biopesticides: An Ecofriendly Non-Chemical Approach for the Management of Insect Pests in Crops.....109
Meenakshi Devi, Neha Upadhyay, Suman Devi, and Bab Li
- 18 A Modern Weapon in Organic Agriculture: Management of Crop Diseases through Viral Biopesticides.....115
Upasana Mohapatra, Siddhartha Das, Sudeepta Pattanayak, and L. P. Awasthi

Section XI Management of Crop Diseases through Algal Biopesticides

- 19 Crop Disease Control through Application of Algal Biopesticides: Alternate Route Map in Organic Farming.....123
Sudeepta Pattanayak, Siddhartha Das, and Gayatri Biswal

Section XII Management of the Diseases and Pests of Crops through Protozoan Biopesticides

- 20 Entomopathogenic Protozoa Roles in the Management of Insects Pest Populations.....129
Muhammad Sarwar, Naveed Akhter Shad, and Riffat Batool

21 Protozoan Biopesticides: A New Horizon in Organic Farming.....	137
<i>Pradipta Banerjee, Siddhartha Das, Sudepta Pattanayak, and L.P. Awasthi</i>	
 Section XIII Management of Crop Diseases through Botanical Biopesticides	
22 Management of Fungal Diseases of Crops through Plant-Based Natural Products and Biopesticides	143
<i>Deeksha Joshi, Monika Upadhyay, and Raghvendra Tiwari</i>	
23 Management of Fungal Diseases of Crop Plants through Biopesticides	149
<i>B. Meena</i>	
24 Management of Bacterial Diseases of Crops through Plant-Based Natural Biopesticides.....	153
<i>Prem Chandra and Enespa</i>	
25 Management of Insect Pests of <i>Cola nitida</i> and <i>C. acumunata</i> Schott and Endl Nuts (<i>Balanogastriis kolae</i> and <i>Sophrorrhinus</i> spp. – Coleoptera: Curculionidae) with Plant-Based Natural Products	157
<i>Asogwa, Evaristus Uche, and Theophilus Chinyere Nkasiobi Ndubuaku</i>	
26 Natural Plant Products as Potential Synthetic Insecticide Alternatives in Developing African Countries.....	163
<i>Asogwa, Evaristus Uche, and Theophilus Chinyere Nkasiobi Ndubuaku</i>	
27 Traditional Use of Store Grain Pest Control through Biopesticides	167
<i>D.K. Kulkarni, R.B. Bhagat, P.V. Patil, and S.P. Taware</i>	
28 Botanical Pesticides for Organic Farming and Sustainable Agriculture.....	173
<i>Desam Nagarjuna Reddy and Abdul Jabbar Al-Rajab</i>	
29 Management of Crop Diseases through Botanical Biopesticides: An Easy Arsenal of Crop Protection in Organic Agriculture.....	183
<i>Siddhartha Das, Sudepta Pattanayak, Pradipta Banerjee, and L.P. Awasthi</i>	

Section XIV Management of Insect Pests and Diseases of Crops through Biopesticides of Insect Sex Hormone

30 Management of Insect Pests through Hormones	191
<i>Muhammad Sarwar and Naveed Akhter Shad</i>	
31 Management of the Pests of Crops through Insect Sex Pheromones.....	197
<i>Rajeev Kumar</i>	

Section XV Management of the Diseases of Crops through Biotic Biopesticides (Natural Enemies) Biological Control

32 Biological Control of Harmful Forest Insects: The Biological Efficiency of Microbial Insecticides and the Possibility of Their Application in Forest Ecosystems	203
<i>Mara Tabakovic-Tosic</i>	
33 The Role of Natural Enemies and Biopesticides for Sustainable Management of Major Insect Pests of Legumes.....	207
<i>Sathish Kota, Vinod Kukanur, Reddy Ramya Sree, Naveen Arora, Jagdish Jaba, and Rana DK</i>	
34 Conservation Biological Control: Definitions, Bases, and Practices.....	217
<i>Simone Mundstock Jahnke and Gisele De Souza Da Silva</i>	
35 Management of Insect Pests by means of Entomopathogenic Nematodes	225
<i>Muhammad Sarwar and Zahid Mukhtar</i>	

36 Biological Pest Control in Different Crops Using <i>Trichogramma Pretiosum</i>.....	233
<i>Cassia Renata Pinheiro, Jéssica Batista Torres Araújo Oliveira, and Glacy Jaqueline Da Silva</i>	
37 Biological Control of Mite Pests in Organic Farming.....	237
<i>Hany Mohamad Galal El-Kawas and Mohamad Mohamad Ahamad Khedr</i>	

Section XVI Management of the Diseases of Crops through Parasitoids Biopesticides

38 Management of the Diseases of Crops through Parasitoids Biopesticides: Family Eulophidae.....	245
<i>Aparna Shree Singh</i>	
39 Management of <i>Diatraea</i> spp. through Parasitoids.....	255
<i>Fernando Belezini Vinha and Alexandre De Sene Pinto</i>	
40 Challenges in the Applied Use of Parasitoids to Control Agricultural Pests.....	261
<i>Simone Mundstock Jahnke, Kássia Cristina Freire Zilch, Gisele De Souza Da Silva, Cleder Pezzini, and Roberta Agostini Rohr</i>	

Section XVII Management of Crop Diseases through Microbial Biopesticides

41 Microbial Inoculants for Insect Pest Management in Organic Agriculture.....	269
<i>Shekharappa and C. R. Patil</i>	
42 Management of the Diseases of Crops through Microbial Biopesticides.....	273
<i>Rafaela Cristina dos Santos</i>	
43 Quality Control of Fungal Biocontrol Agents with Emphasis on <i>Trichoderma</i>.....	281
<i>María Alejandra Correa, Massiel Pinto, Marcelo Molinatti, Oscar Valbuena, and Domenico Pavone</i>	

Section XVIII Integrated Pest Management (IPM), a Noble Biopesticidal Approach

44 Integrated Pest Management in Major Legume Crops.....	287
<i>Jagdish Jaba, Jatin, K, Reddy Ramya Sree, Sathish Kota, and Suraj Prasad Mishra</i>	
45 Integrated Insect Pest Management of Economically Important Crops.....	295
<i>Surendra K. Dara</i>	
46 Integrated Pest Management (IPM): Concepts, Practices, and Advances Focused on Organic Crops.....	305
<i>Katherine Girón Pérez</i>	
47 Integrated Pest Management against Arthropod Pests of <i>Cannabis sativa</i> in the United States of America.....	309
<i>Matthew Russell Gates</i>	
48 Recent Advances in Integrated Insect Pest Management Strategies in Morocco.....	313
<i>Elaini Rachid</i>	

Section XIX Biopesticides Weapons against Agricultural Mite Pests

49 Biopesticide Weapons Against Agricultural Mite Pests.....	323
<i>Muhammad Haroon Sarwar</i>	

Section XX Biotechnological Trends in Insect Pest Control Strategy

50 Biotechnological Trends in Insect Pests Control Strategy.....	333
<i>Noreen Akram, Muhammad Sarwar, and Hafiz Sanaullah Babar</i>	

Section XXI Challenges in the Popularization of Biopesticides in Organic Farming

51 Challenges to Popularizing Biopesticides in Organic Farming.....	343
<i>Riccardo Bugiani and Massimo Bariselli</i>	
52 Constraints and Challenges in Popularizing Biopesticides	349
<i>Surendra K. Dara</i>	

Section XXII Certification Process and Standards of Organic Farming

53 Certification Process and Standards of Organic Farming	357
<i>Prakruthi M., Mahesh M.S., and Shekhara Naik R.</i>	

Section XXIII Marketing and Export Potential of Organic Products

54 Marketing and Export Potential of Organic Products.....	365
<i>Meena Thakur and Enespa</i>	

Index.....	371
